
Keys Toledo Luis Racionero Antonio Pareja

la familia: ¿una clave para entender la historia política ... - don pedro, como racionero, tenía un superior, al parecer buen amigo suyo, juan gaspar de amaya. Éste a su vez tenía un pariente, no consta si hermano, sobrino o primo, juan josé ortiz de amaya, abogado de éxito en madrid, a quien le sugirió que acogiera al joven sobrino de sorriba —contaba entonces 18 años— para ayudarle en su bufete.
